

COLVIN DAVIS

for the

FIELD TRIAL HALL OF FAME

from his friends on the prairies

COLVIN DAVIS brought field trials back to our Manitoba prairies. The re-establishment of field trials in Broomhill took tremendous dedication and hard work on his part. The vision was realized in 1995 and is one Colvin's most gratifying accomplishments.

A great promoter of field trials, Colvin works tirelessly to get everything in place for the fall circuit in Manitoba. The five trials, namely The Manitoba Championship — reinstated here last summer, The Broomhill Open All-Age Classic, The Pelican Open All-Age Classic, The Pelican Open Derby and The John S. Gates Memorial Open Derby Classic are run here in Broomhill because of his steadfast commitment to the sport.

He also takes great pride in the scholarships he established, administered to youth in the surrounding area through the Broomhill Field Trial Foundation. Each year this fund helps children in our schools, 4-H, and other youth clubs.

We do not know how many field trials Colvin has won but know they have to be numerous and we are certain he is proud of all of them. Colvin works at getting the best out of each of his students. He always puts forth his best effort and asks for the same in return. This was made evident when he ran Dorothy (Quicksilver Pink) in her final trial here in Broomhill. When he turned her loose, Colvin knew that she would give her all. She was magnificent! When he picked her up, they both knew that it was the fitting end to her great career.

As a part of our community and lives for 42 years, we have gained great insight into the man. Colvin's personality is one of his strongest assets. He has a way of making a good day, great and a not so good day, much better. He is an honorable man whose care and compassion for others is immeasurable. He is a true gentleman.

We whole-heartedly endorse Colvin Davis for the distinguished Field Trial Hall of Fame.

Thank You,

Karen Jones, President, Broomhill FTC

Jim Gervin, President, Broomhill Field Trial Association
